www.neurotexas.net

Welcome!

Thank you for choosing NeuroTexas

This New Patient Packet has been compiled in two sections to provide you with our office's policies, procedures, and required documents. The first section is designed as a guide to our office policies and procedures. The second section is to be completed by the patient or patient representative. The information you provide will assist our physicians and staff to offer the best possible care.

We understand that patients have questions and concerns and hope to answer many of them on the following pages. Please read through this packet as it should be helpful in preparing you for your upcoming appointment. If after reading this you have unanswered questions, please feel free to give our office a call.

You can find a complete list of staff with contact information on our website, www.neurotexas.net.

New Patient Appointment

We have enclosed all New Patient forms in this packet. Please complete them prior to arriving for your appointment. These forms can be found on our website, www.neurotexas.net, should you need additional copies. You may fax the forms in advance to (512) 654-4551. If you are unable to complete prior to your appointment, please arrive thirty minutes early to complete necessary paperwork.

If you have had an MRI, CT, or other imaging within the last six months, please inform our scheduler of the location and date of the procedure(s). In certain cases, we may be able to obtain the films without your intervention. If we cannot obtain your films on our own, you will be asked to bring a CD to our office on the day of your appointment. Regardless, please bring all films, media, reports, and records in your possession that you feel are pertinent to your condition.

Remember to bring your insurance card(s) with you to your visit.

Office Hours & Appointments

Our office is open from 8:00AM to 5:00PM daily, excluding weekends and holidays, during which time you may call to schedule an appointment or obtain information. Phone hours are from 8:30AM to 4:30PM. Patients are seen by appointment only. Patients are seen each day in the order of their scheduled appointments.

Please be on time to your appointment as we must respect the right of each patient to be seen at his/her scheduled appointment time. If you are late to your appointment in excess of fifteen minutes, we will reschedule your appointment for another clinic day.

Our physicians are surgeons and thus on-call for emergencies. Please be aware that situations beyond our control may necessitate the delay or rescheduling of your appointment. We apologize in advance. Our office staff strives to limit any inconvenience to patients and will do our best to communicate any changes to your appointment with as much notice and courtesy as possible.

We understand that at times patients may have a need to cancel or reschedule an appointment. We will happily accommodate your scheduling needs. Please call our office at least 24 hours prior to your appointment date and time so we may offer your slot to another patient.

Emergencies

If you feel you have a life-threatening emergency, please dial 911 or go to your nearest emergency facility. If you have a non-life threatening emergency during regular office hours, call our office and talk with our medical assistant. If you need the doctor after-hours, our office number will connect you to our telephone answering service. These individuals have special instructions and know where to reach the doctor "on call". Since our physicians share call responsibilities, please understand that you may not be able to communicate directly with your personal physician until the next business day.

Prescriptions

Prescriptions can only be refilled MONDAY through THURSDAY 8:30AM to 4:30PM and Friday 8:30AM to 12:00PM. All prescription refill requests made after 12:00PM on Friday will be called in the following Monday. Please note that controlled substances, such as narcotic pain medication **cannot be called or faxed into a pharmacy.** Patient or a designated individual may come to our office to pick up a written script, or a prescription may be mailed to your home address. **Please also note that the after-hours doctor on call will not authorize medication refills or prescribe new medication.**

Financial Policy

Please read the Financial Responsibility on page 19. Our business office can answer any additional questions that you may have. ***If you have any questions regarding your statement please contact 1800-994-0371.***

Medical Forms

Seven working days are necessary to complete paperwork.
Medical forms ***cannot*** be completed on the day when you are seen by your doctor. Do not bring forms to surgery as they can easily be misplaced. All forms must be delivered to our office.

Medical Records

All medical records requests must either be faxed to 1844-331-3877 or emailed to RR@scanstat.com. You may also mail requests to 100 Medical Parkway, Austin, Texas 78738 ATTN: HIM. Our request form is located on our website www.neurotexas.net under Patient Forms. All other medical records inquiries can be emailed to RR@scanstat.com. For questions, or to check the status on your request please call 512-654-1226.

My Chart

We encourage our patients to enroll on MyChart at www.mybswhealth.com. MyChart is an effective, safe way to access your medical information and communicate with our doctors and staff.

Patient Rights & Responsibilities

We consider you a partner in your care. When you are well informed, participate in treatment decisions, and communicate openly with your doctor and other health professionals, you help make your care as effective as possible. NeuroTexas encourages respect for the personal preferences and values of each individual. It is our goal to ensure that your rights as a patient are observed.

- You and your family have the right to access an interpreter if you are deaf or do not speak or understand English.
- All patients have a right to refuse a recommended treatment, to the extent permitted by law, and to be informed of the medical consequences of this action. All patients are responsible for their own actions if they refuse treatment or do not follow the doctor's recommendations.
- All patients have the right to every consideration of privacy. Patients are responsible for being considerate of the privacy of other patients. Telephones, televisions, radios, and lights should be used in a manner agreeable to others.
- All patients have the right to expect that all communications and records pertaining to their care will be treated as confidential, except in cases such as suspected abuse and public health hazards, when reporting is permitted or required by law.
- All patients have the right to receive considerate care that respects their personal values and belief systems. We ask our patients to be considerate and respectful of medical center personnel.
- All patients have the right to examine and receive an explanation of their bill, regardless of the source of payment. Patients have the responsibility to provide information necessary for claim processing and to be prompt in payment of their bills.
- All patients have the right to know the rules and regulations that apply to patient care and conduct and are responsible for following those rules and regulations.
- All patients have a right to receive an explanation of their treatment program and to ask for further clarification if the course of treatment is not understood. Patients have the responsibility to cooperate in their treatment program.

Notice of Privacy Practices

Each time you visit NeuroTexas a record of your visit is made. Typically, this record contains your symptoms, examination and test results, diagnoses, treatment, and a plan for future care or treatment. This information, often referred to as your Personal Health Information (PHI), serves as a:

- Basis for planning your care and treatment
- Means of communication among the many health professionals who contribute to your care
- Legal document describing the care you received
- Means by which you or a third party payer can verify that services billed were actually provided
- Tool in educating health professionals
- Source of data for medical research
- Source of information for public health officials charged with improving the health of this state and the nation
- Source of data for our planning and marketing
- Tool with which we can assess and continually work to improve the care we render and the outcomes we achieve

Understanding what is in your record and how your health information is used helps you to: ensure its accuracy, better understand who, what, when, where, and why others may access your health information, and make more informed decisions when authorizing disclosure to others.

NeuroTexas is required to:

- Maintain the privacy of your health information
- Provide you with this notice as to our legal duties and privacy practices with respect to your information we collect and maintain about you
- Abide by the terms of this notice
- Notify you if we are unable to agree to a requested restriction
- Accommodate reasonable requests you may have to communicate health information by alternative means or at alternative locations

We reserve the right to change our practices and to make the new provisions effective for all protected health information we maintain. Should our information practices change, we will mail a revised notice to the address you have supplied us, or if you agree, we will email the revised notice to you.

We will not use or disclose your health information without your authorization, except as described in this notice. We will also discontinue to use or disclose your health information after we have received a written revocation of the authorization according to the procedures included in the authorization.

WORKER COMPENSATION

We may disclose health information to the extent authorized and to the extent necessary to comply with laws relating to workers compensation or other similar programs established by law.

LEGAL PROCEEDINGS

We may disclose PHI in the course of any judicial or administrative proceeding, in response to an order of a court or administrative tribunal (to the extent such disclosure is expressly authorized), in certain conditions in response to subpoena, discovery request or other lawful process.

Notice of Privacy Practices - continued

ABUSE/NEGLECT
We may disclose your PHI to a public health authority by law to receive reports of child abuse or neglect. In addition, we may disclose your PHI if we believe that you have been a victim of abuse, neglect or domestic violence to the government entity or agency authorized to receive such information. In this case, the disclosure will be made consistent with the requirements of applicable federal and state laws.

CORONERS, FUNERAL DIRECTORS, AND ORGAN DONORS
We may disclose PHI to a coroner or medical examiner for identification purposes, determining cause of death, or for the medical examiner or coroner to perform other duties authorized by law. We may disclose PHI to a funeral director, as authorized by law, in order to permit the funeral director to carry out their duties. We may disclose such information in reasonable anticipation of death. PHI may be used and disclosed for cadaveric organ or tissue donation purposes.

INMATES
We may use or disclose your PHI if you are an inmate of a correctional facility, and your physician created or received your PHI in the course of providing care to you.

PUBLIC HEALTH
As required by law, we may disclose your health information to public health or legal authorities charged with preventing or controlling disease, injury, or disability.

LAW ENFORCEMENT
We may disclose health information for law enforcement purposes as required by law or in response to a valid subpoena.

REQUIRED USES AND DISCLOSURES
Under the law, we must make disclosure to you and when required to the Secretary of the Department of Health and Human Services to investigate or determine our compliance with the requirements of CFR Section 164.
Federal law makes provisions for your health information to be released to an appropriate health oversight agency, public health authority or attorney, provided that a work force member or business associate believes in good faith that we have engaged in unlawful conduct or have otherwise violated professional or clinical standards and are potentially endangering one or more patients, workers or the public.
If you believe we have violated your medical information privacy rights, you have the right to file a complaint with our office or directly to the Secretary of Health and Human Services. To file a complaint, you must do so in writing within 180 days of the suspected violation, providing as much detail regarding the suspected violation as possible and mail to:

NeuroTexas, PLLC • 3000 North IH-35, Suite 600 • Medical Office Building at St. David's • Austin, TX 78705

There would be no retaliation for your filing a complaint. For more information or additional questions you may contact our practice administrator at 512.654-4550.

Brain & Spinal Surgery

Pain Management Medication Agreement

The vast majority of our patients use pain medications appropriately, but pain medications have a potential for misuse and are therefore closely controlled by local, state, and federal authorities. Tolerance with repeated use is a characteristic feature of these medications and is a potential limitation to their use in pain management. To prevent any misunderstanding between you and your doctor, we have developed the following rules.

I agree to accept responsibility to know whether there are any Controlled Substances in any medications that I take.

1. I agree to not ask multiple doctors for Controlled Substance medication prescriptions.
2. No prescriptions will be refilled early.
3. No prescription will be refilled if I lose or destroy any of my medication.
4. I will get all of my prescriptions filled at one pharmacy which is:
   Name: _____ Phone: _____
5. Refills will only be authorized during normal clinic hours of 8:30AM – 4:00PM Monday – Thursday, 8:30AM – 12:00PM Fridays. **Refills will not be made on weekends, holidays or at night. Please do not call the after-hours medical service for medication refills.**
6. NeuroTexas does not have the ability to manage long-term pain. Our office will prescribe appropriate medications pre- and post-surgery up to 4-6 weeks post-operatively per physicians' orders. Any patient requiring medications for a longer duration will be referred to pain management for additional care.

Prescription Order Pick-up. There may be times when you need a friend or family member to pick-up a prescription order (script) from your physician's office. In order for us to release a prescription to your family member or friend, we will need to have a record of their name. Prior to release of the script, your designee will need to present a valid picture identification and sign for the prescription.

_____(Patient initials) I wish to designate the following family member / friend to pick-up an order on my behalf:

Name: _____ Date: _____

Name: _____ Date: _____

_____(Patient initials) I am currently under the care of a pain management physician and will not obtain controlled medications from NeuroTexas.

I understand and agree to follow these patient rules for Pain Management while under the care of NeuroTexas. The NeuroTexas staff has answered any and all questions to my satisfaction. If I do not follow these rules completely, the clinic physicians and staff reserve the right to stop any further prescribing of these medications. I have received a copy of this agreement.

Permission for Verbal Communication

Patient Name | Date of Birth | Phone Number (s)

Full Address (City, State, and Zip Code)

I permit Baylor Scott & White Health (BSWH) and NeuroTexas physicians and staff to discuss my personal medical health information, in person and/or by telephone, with the following family members and/or friends involved in my medical care for the following purposes:

- To orally schedule or confirm my appointments;
- To discuss results of diagnostic tests, diagnosis, prognosis, and treatment plans; or
- To discuss billing and payment for medical services:

I understand that this document applies to all departments, healthcare providers and/or employees with BSWH and NeuroTexas. I understand that this authorization is voluntary and that once this information is disclosed to the person(s) designated that it may be re-disclosed by them and may no longer be protected by state or federal privacy laws.

Name | Relationship | Phone Number

1._____

2._____

3._____

I further understand that I may revoke this authorization at any time by sending a written statement of revocation to BSWH – HIM Department or to NeuroTexas.

This document of Permission for Verbal Communication will expire upon revocation, or at the date or event specified here _____.

This document does not permit the release of written information to these individuals. My refusal to sign this authorization will not negatively affect my health care at BSWH and NeuroTexas.

Patient Signature | Date

Patient's Representative on behalf of patient | Relationship to patient | Date

Witness (if patient has Representative sign) | Date

General Consent 1

1. General Consent I consent to Neuro Texas and Baylor Scott & White Health (BSWH) to provide me with necessary medical services, treatments and diagnostic tests. My consent to this treatment includes any examinations, X-rays, laboratory procedures, tests (including, but not limited to, tests to determine HIV infection, antibodies to HIV, or infection with any other probable causative agent of AIDS), medications, medical treatment, and/or other services rendered by the attending physician or other treating or consulting physicians, their associates, technical assistants and other healthcare providers including nurses and other hospital personnel, which in the judgment of such practitioners, are advisable during the course of evaluation, diagnosis and treatment. This consent is continuing in nature during the entire course of my care, unless specifically revoked by me.

2. Teaching Institution I understand that the facility may be a teaching facility. Students and residents from various programs may participate in my care. I may ask for information on the specific affiliation(s) of any of my healthcare providers. I consent to allow medical residents, students and authorized individuals to observe the care provided as determined by the treating physicians and as permitted by hospital policy. Except for students, residents and or fellows, I understand that the physicians participating in my care at hospital are not employees or agents of hospital and are not acting for or on behalf of hospital. They are either independent physicians who are engaged in the private practice of medicine and who have been granted privileges to use this facility to care for their patients or they are licensed physicians who are engaged in a post-graduate medical education program. I understand that all such medical decisions regarding my care and treatment at hospital are made by such physicians and not by hospital.

3. Control Over Decisions I have the right to make decisions about my care. My healthcare professionals and I will discuss and agree upon my care.

4. Testing After Accidental Exposure I understand that Texas law provides, if any healthcare worker is exposed to the patient's blood or other bodily fluid, that hospital may perform test(s) on the patient's blood or other bodily fluid to determine the presence of any communicable disease. I consent to the testing for other communicable diseases, in the event of an accidental exposure to a healthcare worker. I understand that such testing is necessary to protect those who will be caring for the patient while a patient at hospital.

5. State Reporting Requirements I understand that the facility is required by law to report certain infectious diseases, such as HIV and tuberculosis, to the state health department or the Centers for Disease Control and Prevention. Also, I understand that the facility is required by law to report certain activities including abuse or neglect.

6. Personal Property I understand that I am responsible for my personal property. I understand that any and all valuables or other articles of personal property should be placed in the care of a family member or other authorized representatives. The facility is not responsible for safekeeping these items. If available, I understand that the hospital maintains a safe or secure area for property and valuables, and that I may utilize this safe or secure area according to hospital policy, however, hospital cannot guarantee the security of these items.

General Consent 2

7. Financial Responsibility It is agreed and understood that regardless of any and all assigned benefits/monies, I, as the designated responsible party, am responsible for the total charges for services rendered, and I further agree that all amounts are due upon request and are payable to the hospital and any practitioner providing me care and agree to pay for any and all charges and expenses incurred or to be incurred. I understand that the practitioners providing me care may be out-of-network on my health or insurance plans although the hospital may be in my insurance network. I understand my insurance may not cover some services provided to me. I am responsible for asking about and understanding my insurance coverage and selecting my healthcare providers and facilities. Only my insurance carriers can confirm the nature and extent of my coverage and which providers will be paid in-network. I acknowledge that I may receive from these practitioners separate bills according to prices set by those practitioners and coverage policies under those plans. It is further agreed and understood that should this account become delinquent and it becomes necessary for the account to be referred to any attorney or collection agency for collection or suit, I, as the designated responsible party, shall pay all charges for reasonable attorneys' fees and collection expenses. I agree that if this account results in a credit balance, the credit amount will be applied to any outstanding accounts, either current or bad debt. Further, I hereby consent to credit bureau inquiries for any and all permissible purposes.

8. Medicare and Medicaid If I have Medicare or Medicaid, my financial obligations may be limited by law. Other insurance carriers may limit my obligations by contract or policy benefit guidelines. If I do not have insurance coverage, I may ask for help to determine programs for which I may be eligible.

9. Provider Based Institution I understand that the facility may include provider based institutions under Medicare. Because of this, I may receive separate bills for facility services (Part A) and physician services (Part B), even if I do not have Medicare.

10. Assignment of Benefits I hereby irrevocably assign, transfer and convey to the hospital and any practitioner providing care and treatment to me, any and all benefits, interests and rights (including, but not limited to, the right to enforce payment and the right to appeal an adverse benefit determination) to which I am entitled under an employee welfare benefit plan sponsored by my employer, all insurance policies, benefits, any third party reimbursement, or prepaid health care plan for services rendered or products that I receive from the hospital.

11. Release of Information I understand that the facility may release my healthcare information for payment purposes and any other purpose permitted by law. Further, the facility may release my information to other providers for my continued care. I also authorize the release of medical information to organ transplantation services should I be identified as a potential organ donor. I agree that any leftover specimens sent to the laboratory may be used for medical education, validation and authorized research confidentially to protect my privacy.

12. Communication I authorize the hospital, my healthcare professionals, along with any billing service and their collection agency or attorney who may work on their behalf, to contact me on my cell phone and/or home phone using pre-recorded messages, digital voice messages, automatic telephone dialing devices or other computer assisted technology, or by electronic mail, text messaging or by any other form of electronic communication.

General Consent 3

13. Retention of Records I understand that the facility will retain my medical records for the required retention period. I acknowledge that the facility may authorize the disposal of patient medical records at the end of this retention period.

14. Notice of Privacy Practices I acknowledge that I have received a copy of the facility's "Notice of Privacy Practices." I acknowledge that I can obtain an additional copy of the "Notice of Privacy Practices" on the facility's website.

15. Patient Rights and Advance Directives Information has been made available to me about my right to accept or refuse medical treatments. I have the right to make an advance directive, or living will. I am not required to have an advance directive to receive medical treatment. If I give the facility an advance directive, my caregivers will follow it to the extent permitted by law.

16. Patient Representative I have the right to name a representative who will make decisions on my behalf in the event I am unable to. I may designate a representative in writing or by telling my healthcare provider. My representative will be involved in my treatment/care plan, unless I expressly withdraw this designation in writing or by telling my healthcare provider.

17. Photography I consent to the facility videotaping, photographing, video monitoring, or performing other recording of me or parts of my body for diagnosis, treatment, research, or for patient safety purposes and be utilized for medical education, quality improvement, research, or for other reasons related to treatment and/or operations provided that my identity is not revealed by descriptive texts accompanying the pictures. I will discuss this with my caregiver if I do not want my recordings used for these purposes.

18. Warranty and Guarantee I am aware that the practice of medicine is not an exact science and acknowledge that no warranties or guarantees have been made about the results of my care and treatment rendered by the hospital or the attending physician.

ACKNOWLEDGEMENT: By my signature below, I certify I have read and completely understand the content of this document and agree to its terms.
